3. Your information will appear automatically, it comes from your Alipay account, just make sure you select man (男) or female (女). Make sure you also answer the questions according to your situation with yes (是) or no (否)。Don't worry if in name it appears only \*\*z - in the confirmation your name will appear as you registered it in Alipay, it had to be your passport name. In Q1 when you select no, you will have to put the address you will arrive to in Xi'an, your apartment or school address if you live on-campus.
